PROFESSIONAL SUMMARY

Computer Science Engineering student skilled in Java, SQL, Data Structures and Algorithms and modern web technologies. Experienced in developing scalable applications using React.js, Firebase and MongoDB through academic projects, open-source contributions and freelance development work. Strong problem-solving abilities demonstrated through technical projects, competitive programming and achievements in national-level technical competitions.

EDUCATION

Rajarambapu Institute of Technology, Rajaramnagar	2023 – 2027
B.Tech in Computer Science Engineering	CGPA: 9.00
Sawkar Science College, Satara	2023
Higher Secondary Education (Science)	68.33%
New English School & Jr. College, Humgaon	2021
Secondary School Education	96.60%

COMPETENCIES

Programming Languages: Java, SQL

Web Technologies: HTML5, CSS3, JavaScript (ES6+), React.js

Databases: MySQL, MongoDB, Firebase

Core Concepts: Data Structures and Algorithms, Object-Oriented Programming

Tools & Platforms: VS Code, GitHub, Android Studio, Canva

Soft Skills: Leadership, Teamwork, Problem-Solving, Creativity, Public Speaking

EXPERIENCE

APTTECH CRT SOLUTIONS - Software Development Intern (30+ colleges and 20k+ students) Jan 2026 – Present

- Contributed to the development of a Learning Management System (LMS) and Attendance Management System, implementing attendance tracking and management functionalities.
- Developed real-time test monitoring, live messaging, and asynchronous communication features using RabbitMQ to support scalable and interactive learning workflows.
- Built a save-progress feature for online assessments, ensuring a reliable user experience during examinations.

PROJECTS

CODE404 - Application for Gamified Aptitude — Java, Firebase Dec 2025 – Jan 2026

- Developed a gamified aptitude application for the Code404 event organized by Oyster Kode Club.
- Enabled smooth conduct of aptitude tests with real-time data management and an interactive user experience.
- Built an admin dashboard for participant score management using Firebase.

DIGITOMIZE - Open-Source Platform — React.js, MongoDB Oct 2025

- An open-source platform offering company-specific coding problems, contests, hackathons, blogs, interview preparation resources and collaborative learning.
- Allows users to practice coding problems based on target companies and interview patterns.
- Enables competition tracking and dynamic coding portfolio creation.

EXTRA-CURRICULAR ACTIVITIES

- Oyster Kode Club, RIT:** Contributed to event management, mentoring and technical sessions.
 - Organized Domainophile, C Marathon, Panel Discussions and Code 404 in collaboration with CodeChef, engaging 500+ students.
- E-Cell RIT:** Contributed to marketing and execution of entrepreneurship events.
 - Secured a Top 10 position in the National Entrepreneurship Challenge (NEC).

ACHIEVEMENTS

- Solved **200+ DSA problems on GeeksforGeeks**, demonstrating strong problem-solving skills.
- Ranked among the **Top 10 teams in NEC (2024–25)** organized by E-Cell, IIT Bombay.
- Recognized as a **Finalist (Experts Category) at ASPIRE 2024** hosted by WCE Sangli.

CERTIFICATIONS

- 6-Month Professional Certification in Java and JDBC from Apttech, with hands-on experience in Core Java and JDBC.
- 12-Week Certification in Web Development with project-based learning and practical web application development.
